

# OPEN WEATHER MAP

Date : 13 NOVEMBER 2022

Team ID: PNT2022TMID25269

Project Name IOT - SIGNS WITH SMART CONNECTIVITY FOR BETTER ROAD SAFETY

The screenshot shows a Firefox Web Browser window with the URL `https://home.openweathermap.org/home`. The browser's address bar and tabs are visible at the top. The OpenWeatherMap website is displayed, featuring a dark navigation bar with links like 'Weather in your city', 'Guide', 'API', 'Dashboard', 'Marketplace', 'Pricing', 'Maps', 'Our Initiatives', 'Partners', 'Blog', 'For Business', and a user profile dropdown. A pink notification banner at the top of the page states: 'You have to verify your email to use OpenWeatherMap services. Please [click here](#) to get an email with the confirmation link.' Below this, a horizontal menu contains links: 'New Products', 'Services', 'API keys', 'Billing plans', 'Payments', 'Block logs', 'My orders', 'My profile' (which is underlined), and 'Ask a question'. The 'My profile' section is active, showing a sidebar with 'User settings' (highlighted in orange), 'Privacy centre', and 'Invoice info'. The main content area of the profile page includes fields for 'Username' (filled with 'vignesh'), 'Email' (filled with 'vigneshajay08032001@gmail.com'), and 'Full name' (empty). There is a 'Save' button below these fields. Further down, there are fields for 'Password' and 'Confirm Password', both empty, with a 'Change Password' button below them.
